Timed Event

Fun For The Whole Family

PROFESSIONALS UNITED FOR PARKLAND

SUPERHERO 5K

Professionals United for Parkland was created to identify and meet the short and long-term needs related to mental health/well-being of the South Florida community in the aftermath of the Marjory Stoneman Douglas tragedy through evidence-based services including: education for the general community and professionals, clinical training, clinical services, support for clinicians, and more. We work alongside other local organizations and groups to ensure that we identify gaps in current services and that the needs of our community are being adequately addressed. Your sponsorship will ensure that we can continue to support, educate and connect the Parkland community.

Presenting Sponsor - \$2,500
